

CAMPAIGN FOR SCHOOL CAMP

Every Child → Every School

CAMPAIGN FOR SCHOOL CAMP

Every Child → Every School

At PCYC, we believe that **every child** should have the opportunity to participate in quality residential programs and experiences.

Why?

School camps develop:

- ▶ Self-awareness and independence
- ▶ Teamwork and social skills
- ▶ Leadership skills
- ▶ Stronger relationships/community
- ▶ Connection to natural environment

Residential camps have greater impact than school-based or day excursions.

Think back over your own teaching career and your own school days...what were the most memorable and high impact learning experiences?

Cost

Cost does not need to be a barrier - we can provide full, part or do-it-yourself (DIY) programs.

What can I do?

- ▶ Discuss with colleagues and parents
- ▶ Determine your budget
- ▶ Contact us to discuss your needs
- ▶ Forward to Principal or decision maker

The fine-print: Minimum numbers apply, teachers charged for accommodation/catering only, does not include bus to/from Bornhoffen, prices correct when printed but subject to change
